Fundraising Event

STAYING RESILIENT IN TURBULENT TIMES **Pathwork Teachings for Living in Today's World**

Sunday April 6th from 10 am to 12 Noon PST

An online presentation by

**Ingrid
Schirrholtz**
Senior Pathwork Helper

As we are witnessing the senseless violence of war, climate disasters, the demolition of institutions that we have taken for granted, the undermining of norms and values such as freedom, justice and equality, it is easy to fall into numbness and despair.

How can we stay awake and resilient in times when old structures are breaking down before new ones have been built? The timeless wisdom of the Guide can help us to find our bearing in these turbulent times.

Come join us for a presentation by Ingrid Schirrholtz on how the Guide's teaching can help us make sense of what is happening in the world at the present time.

This is a fundraiser for PoC. We are asking for a donation of \$50 per ticket and appreciate any amount you can and want to donate.
